

Dear Churches,

We have picked up the Bible Story Book and it is beautiful. I keep catching myself staring at it. It is almost hard to believe. We have some copies we are taking back to Africa. The rest have been delivered to a 40 foot container, and the pallets take up 3/4 of the space. The container will easily be filled with other stuff and be ready to go as soon as the money is in to ship.

These two months in the States have been busy and exciting. Because I was here, the final steps required for publishing were able to happen more quickly and the printing was done. We were able to share with many of you about this wonderful project. (Did I tell you the book is beautiful?)

We want to thank those of you who have given to make this possible. God is going to use this tool in many ways in D. R. Congo. Tomorrow we start the trip back to Zambia. We are taking about 50 copies of this beautiful book in our luggage. Pray that things go smoothly with luggage issues and customs issues.

Then pray for the things we shared with you:

- For the seminars that we will be holding.
- For the move to South Africa
- For the adjustments to a new place of assignment.
- And don't forget to thank the Lord for what He has done.

In Christ,
Rachel Gabler
